

**Professor Cătălin Gabriel Stănescu**

from the University of Southern Denmark gave a presentation on:

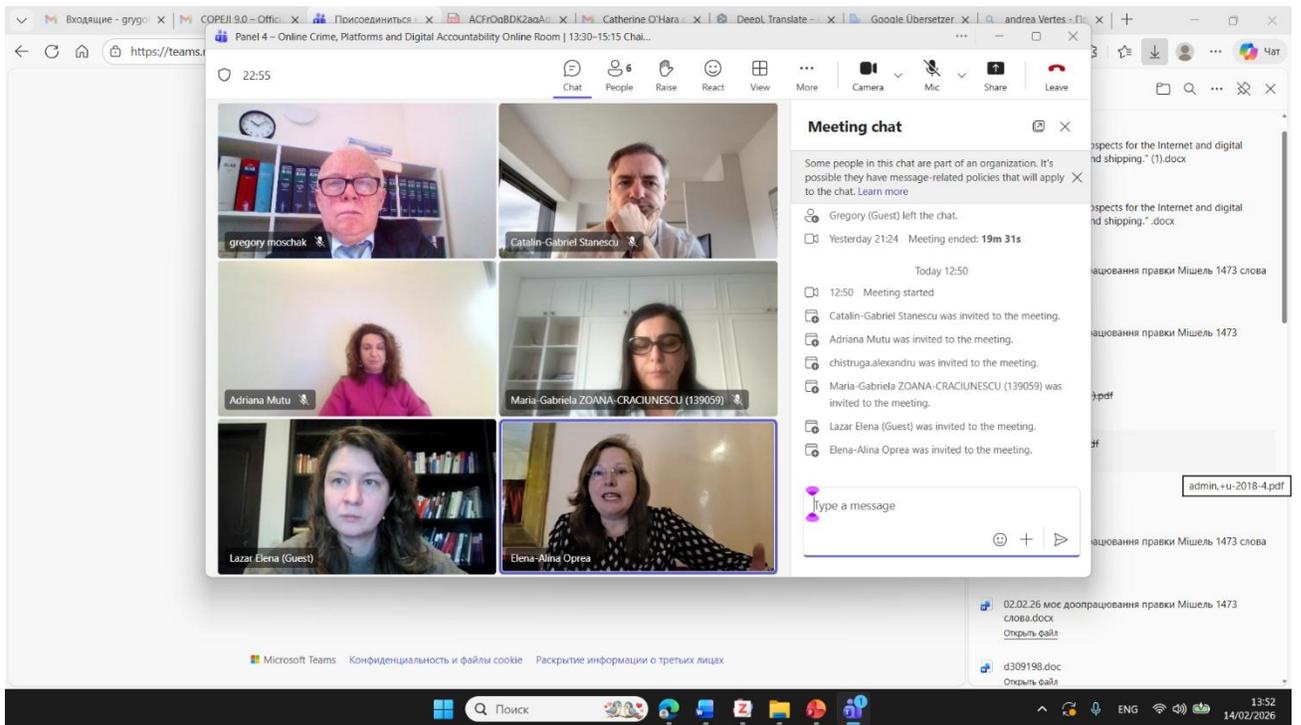

***The Issue of Systemic Risk under the Digital Services Act***

On February 15, 2026, the Faculty of Law of the University of Iași (Romania) hosted the 9th international conference on the topic: “Legal Perspectives on the Internet” (COPEJI 9.0): Governing the Ungovernable?

The 9th International Conference on «Legal Perspectives on the Internet» was organized in partnership with the Faculty of Law of the University of Poitiers (France) and as an EC2U academic event. It brought together academics, practitioners, politicians, and technologists to participate in a critical discussion on the topic “Governing the Ungovernable?”

Professor **Cătălin Gabriel Stănescu** of the University of Southern Denmark chaired the fourth panel of the conference. He also gave a presentation on «The Issue of Systemic Risk under the Digital Services Act».

Professor **G. Moshak** gave a presentation on «Legal prospects for digital technologies in inland shipping»
