

32 st German Prevention Congress - May 24–25, 2027

32 st German Prevention Congress will take place in Hanover (Germany),
May 24–25, 2027

Main theme: “Vulnerability and Prevention”

Source: German Prevention Congress,

Website <https://www.praeventionstag.de/nano.cms/ausblick>

Every year, the congress attracts over 3,000 participants from Germany and other countries across all continents. My visits to the Congress have left a lasting impression, created by the organisers of this spectacular event through their masterful combination of academic and entertainment activities.

Attendee at five Congresses

Prof., Dr., Dr. G. Moschak
